## *Foreword*

This good offering from the herds of prominent breeders from the area northwest of Chicago presents an excellent opportunity to procure herd building Shorthorns of the most approved blood-lines.

Those who are supporting this sale by offering cattle have joined with the sale manager to select from their herds, young cattle that experienced breeders will welcome into their herds and that the novice can buy with assurance that they are the kind with which successful herds are built.

This catalog contains the pictures and pedigrees of bulls that will put extra profits into your herd, from tried and proven sires to extraordinary young prospects. The females range from cows with calves at foot and cows bred to outstanding herd sires down to a most attractive group of open heifers just ready for service.

A good herd of females needs a superior bull if progress is to be continued. This sale provides the opportunity to buy such a bull. A superior bull needs to be mated to well bred cows and heifers of approved type and character if his reputation as an improving sire is to last. This sale offers such females.

The breeders who are selling these cattle are well known. They are among the most reliable Shorthorn men and women in America. They are offering the best productions of their respective herds and a half dozen choice imported cattle as well. You are invited to come to the sale to see the results of their breeding efforts and, if you wish, to procure some of these good Shorthorns for your herds.

For breeding purposes only the best of stock should be used. This sale provides on opportunity to buy the best.

—Will Johnson, Sale Manager,  
The Shorthorn World.

The cattle that will be sold in this sale will be assembled and ready for inspection at the Dexter Park Pavilion, at the stock yards in Chicago, by Sunday morning, June 3, 1945.
